Transform your gym into the most desirable space in the building with vibrant VOC compliant water based coating.

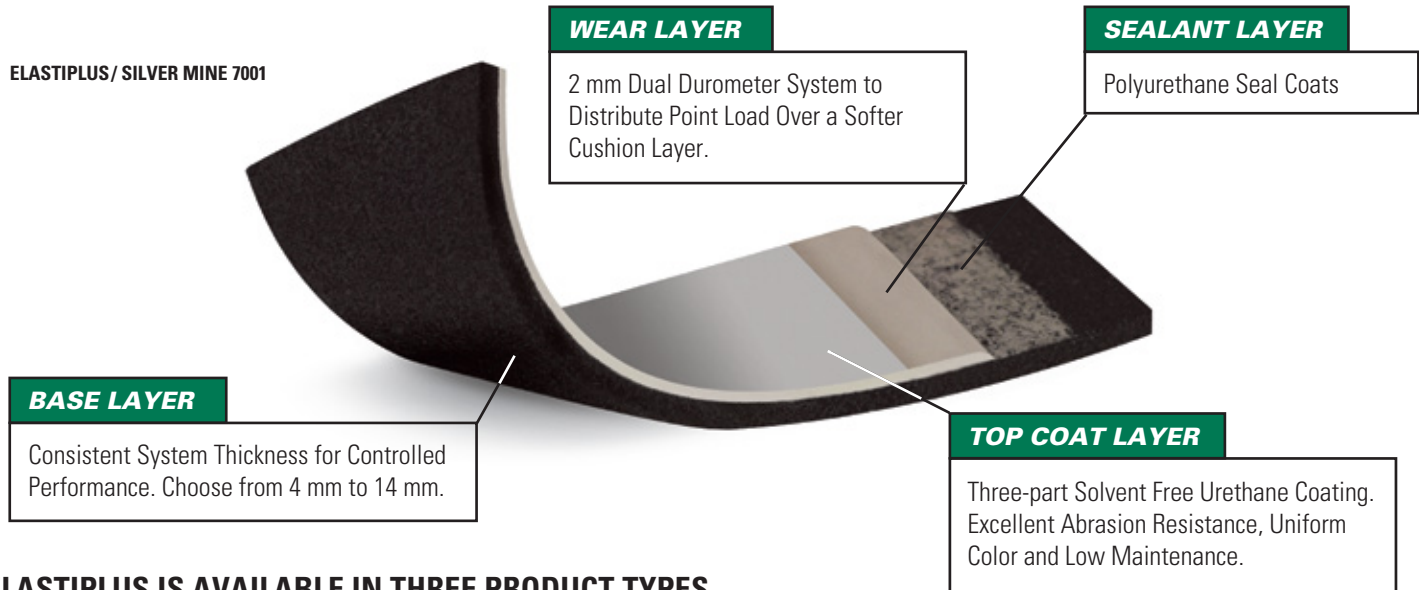

Generate multiple sports & activity from track to basketball and everything in-between. Your field house can cater to multiple uses from sports halls to social occasions, such as this Army.

The ultimate in versatility, this polyurethane and rubber sandwich system is terrific for the desired performance and budget.

Spike Resistant and High Strength ElastiPlus are also available for track, inline skating, and hockey use.

## ELASTIPLUS IS AVAILABLE IN THREE PRODUCT TYPES.

### ELASTIPLUS:

Overall thickness options range from 6 mm to 11 mm, depending on intended use; suitable for multipurpose activity and everyday sporting activity.

### ELASTIPLUS SPIKE RESISTANT:

Designed to be used with running track and spikes, system thickness can range from 13 mm to 18 mm for indoor use. Outdoor formulations available as well.

### ELASTIPLUS HIGH STRENGTH:

Inline skating and hockey clubs appreciate this high durometer, tough floor which is also suitable for other team sports.
