POWERDEK™ FLECK

HIGH IMPACT TRAINING SURFACE

High performance dual durometer construction combined with a vulcanized non-porous surface and premium embossing offers superior grip for sure-footed, antimicrobial weight room use.

- High performance rubber athletic surface is ideal for high impact and heavy traffic.
- High durometer PowerDek Fleck RS available for ice rink walkoff & locker areas.
- Design coordinates with PowerDek HD for freeweight drop areas.
- Enhance your training facility with waterjet custom designs.

BASE LAYER

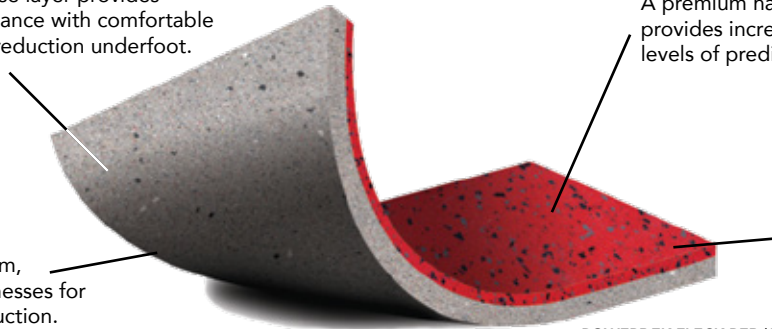

Impact cushioning base layer provides extreme impact resistance with comfortable and consistent force reduction underfoot.

SURFACE LAYER

A premium hammered surface embossing provides incredible comfort with superior levels of predictable grip.

THICKNESS

Available in 6mm, 8mm, 10mm & 12mm thicknesses for customized force reduction.

NON-POROUS SURFACE

Premium virgin vulcanized rubber is easy to clean, odor resistant, and antimicrobial.
