CONNOR SPORTS
Where Champions Play™

- High performance rubber sports surface ideal for use with heavy weight equipment applications. Platform Suitable (Flush Floor .75" and 1" custom wood training platforms available for order).
- Vulcanized non-porous, antimicrobial design results in an easy-to-clean, odor resistant surface

POWERDEK HD™

HIGH IMPACT WEIGHT TRAINING SURFACE

Triple durometer construction consisting of an impact resistant top layer, an energy dispersing stability layer, and choice of two impact layer options to ensure protection of concrete substrates in drop zone applications.

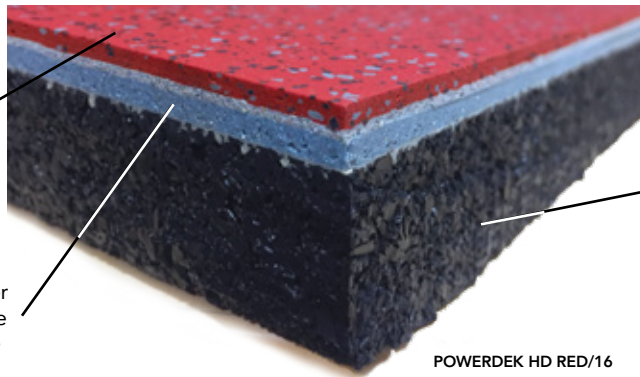

SURFACE LAYER

3mm surface layer offers sure-footed grip with an attractive, coordinated design.

STABILITY LAYER

3mm energy dispersing layer stabilizes athletic loads while providing comfort and force reduction.

IMPACT LAYER

Heavy duty 12mm or 18mm base layer absorbs impact forces to protect the subfloor and reduce sound transmission.
