CONNOR[®] STAGE PANEL

CONNOR DANCE STUDIO & STAGE FLOOR SYSTEMS[™]

Connor Stage Panel

The Connor Stage Panel is the ultimate foundation for unforgettable performances, engineered to endure the demands of any production. With a water-resistant surface that stands up to spills and humidity, this high-strength panel delivers exceptional tensile durability to support heavy rolling loads and concentrated point pressures without compromise. Its variable grit levels allow for customized traction, ensuring performers have the stability they need.

Product Specifications:

Black Surface Coating:	8 mil *
Product Thickness:	12 mm or 19 mm
L and W Tolerance:	+/- 0.0625"
Thickness Tolerance:	+/- 0.015"

*Options for different surface texture to meet the project and design needs
